

Learning at Home

Thank you to those of you who have brought in photos and pieces of work from home. The children have now put them into their learning stories. Please continue to share with us the learning that goes on beyond Kindergarten. The children love to put their photos of special occasions and holidays, certificates, drawings and writing that they do at home into their learning stories.

HAPPY
BIRTHDAY

When it is your child's birthday, you are welcome to bring in a birthday cake (no chocolate cakes please) which is shared at snack time.

Parent Helpers

From time to time we look for parents to help out in Kindergarten. If you are interested in being a parent helper, please add your name to the list located outside the playroom.

You get germs if you don't wash your hands- Daniel

Over the past few weeks we have been getting to know the children and helping them settle into their new playroom. Together we have made up golden rules for our playroom, we have been learning the importance of having clean hands and recently we celebrated Eid. In the days leading to the October holiday we will learn more about another festival, Diwali. After the October week the children will begin to make a "Big Book " about autumn. We would like to invite you to look at the big book when it is displayed on the table outside the playroom. It will give you an idea of the activities that the children take part in during this topic.
